Administrator's Corner

Dear Residents,
Happy February!

As we continue with our "Around the World with Atlas", this month we are travelling to Iceland! We are going to be having a lot of fun with these travel experiences, so you will not want to miss participating and having some fun with us!

We also want to say another great big WELCOME to Brandi Boria who joined our team as our Assisted Living Activities Director! I know that Brandi is really wanting to plan some new and fun things and she has a lot of new things set for this month already! So don't miss being a part of the fun!

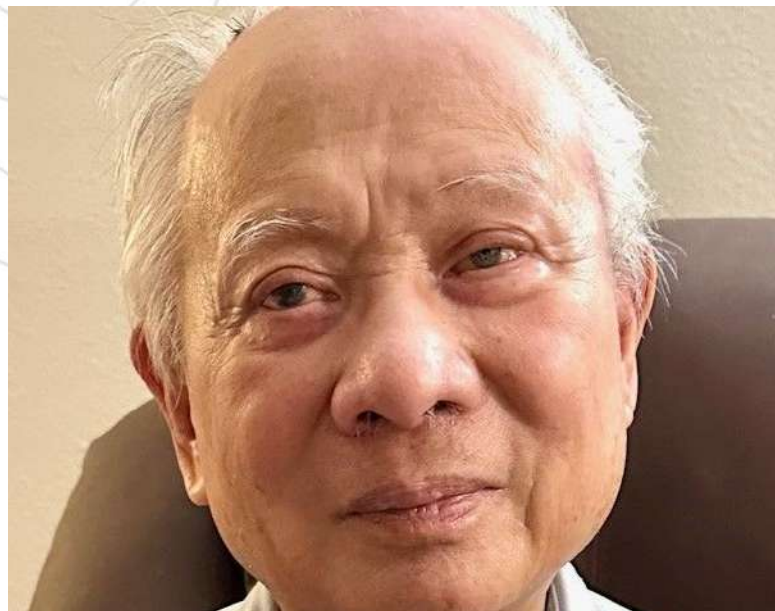

As always, we thank you for making LHH your home! We are truly blessed to have you as a part of our family!

With much love & respect...

Glenda

February 2025

Resident of the Month

Neil Siamson, or Dr. Siamson as he is mostly known, was born in Thailand in 1941, where he spent the majority of his childhood and also got his start in his medical career. Within his schooling he was offered a job caring for people in his country in the forest, also marrying his wife named Nancy, who gave him two children. When he was about 30 years old, he and his family came to the U.S. and got their start in upstate New York, and Dr. Siamson eventually specialized in family practice. His favorite hobby is to read, especially science fiction and the news.

February 2025

Once again Maria has been named Associate of the Year here at LHH. She is nominated not only by her peers, but she often receives accolades from residents and from family members. Maria often volunteers to work a double shift and always with a smile on her face. Maria doesn't mind dipping into her own pockets to ensure that her residents are appropriately dressed for whatever the occasion. At all the major holidays, you can be sure that Maria has her residents ready for any occasion. She also keeps family members up to date about their loved ones, informing them of the good, and not so good, about their loved ones. Maria has been employed by LHH for 20 years. She has chihuahuas she treats just like children, which shows her love of animals. Maria, we are glad you are on the LHH team.
