### Administrator's Corner

Dear Residents,

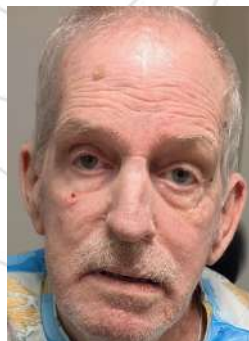

Well, here we are already welcoming the month of May. How in the world does time fly so fast? I hope you all enjoyed the Family Fun Night and look forward to having more of these in the future. I would like to remind you all that we would love your input into our monthly Associates of the Month! If you have an associate, you see going above and beyond for you or someone else, we would love to hear from you. Please write up your nomination and put it in the box on the wall by the mailboxes. The associate with the most votes wins each month, so we would love to have your input into this. Thank you as always for making LHH your home.

With much love and respect,  
Glenda

May 2025

### Resident of the Month

Everyone meet Peter Gardner. Proud of his career as he should be, Peter was City Manager in three different states, in which he was also City Manager in three different cities in the state of Florida. Originally from Iowa where the weather is quite chilly, Peter got tired of the cold and moved to Alabama where he met the love of his life and married her in 1988, they eventually moved to Florida in 1990, and are still loving each other 37 years later. The two enjoyed traveling different states site seeing and the art of photography in some amazing places including Yellowstone. Peters favorite place traveled was to Alaska. Did you know you could drive there? Well, he did and loved every bit of it and other road trips taken throughout his years. Next time you see Peter in the hallway or dining room maybe you can mention your road trips, you never know you may have traveled some of the same places.

# May 2025

Meet Ozzie Gibson...Known to his friends as "The Bus Driver" or sometimes Concierge Substitute, Ozzie has been employed at Lake Howard Heights for 61 1/2 years. Born in Haines City he has 3 brothers and 1 sister. He is a graduate of W.H.H.S. (year don't ask). Ozzie enjoys driving the bus, and he gets to listen to some of the strangest conversations on that bus. Keeping track of who is out, who is waiting to get to an appointment, and who needs to be picked up is not an easy task, to say the least. Not to mention those trips activities want to throw in from time to time. But, he seems to make it all work. When he's was not behind the wheel of the bus he enjoys bowling. He actually managed a bowling alley for 21 years. He is definitely a part of our LHH family.
