## January 2023

### Resident spotlight:

It is by no coincidence that we have chosen Susan Turner as our first Resident spotlight of 2023. Susan is the embodiment of what Independent Living looks like at Legacy Reserve. Born in Atlanta Susan moved to Columbus 50 years ago where she lived with her husband Rick and their children. Susan and Rick worked side by side for over 43 years. She loves going down to Panama City Beach, where her grandson plays college baseball. Susan loves living in our community and takes full advantage of everything Legacy Reserve has to offer. Always up for an adventure you can find Susan catching a Braves game, in art class, or at Bernard's having her favorite lemon drop martini!

### Upcoming Events:

- 16 Jan - Chat w/ Susan
- 20 Jan - Blackjack w/ Dr. LaHouse
- 23 Jan - BP Clinic w/ Piedmont Hospital
- 27 Jan - Pie Day Happy Hour!
- 29 Jan - Springer Opera House

## **BEE of the Month: Nichole Stewart**

Legacy is proud to announce Nichole as our January BEE! Nichole is an important member of our medical staff. Saying she is dedicated to her residents and fellow employees would be an understatement. No task is too large for her, when she does something it is done from a caring place with lots of kindness and love. Congratulations to our very deserving BEE!
